

## RAILROADERS SEEK TO LOWER H. C. I.

Brotherhood Heads Plan Co-  
operative Buying, Produc-  
tion and Distribution

DETAILS ARE NOT  
YET COMPLETED

WASHINGTON, Jan. 7.—Failing to obtain satisfactory relief from the high cost of living by further wage advances or from the anti-profiteering campaign of the department of justice, officials of the four big railroad shop crafts affiliated with the American Federation of Labor have decided to seek their own solution by cooperative buying, production and distribution. The step was construed in some quarters as indicating demands for further wage increases would not be pressed for the present.

Details of the scheme have not been completed, but plans have been under consideration since the farmer-labor conference at Chicago in November. Formation of the all-American farmer-laborer cooperative commission, an outgrowth of the conference was announced today at its offices here today. Another conference will be held in Chicago, February 12-15.

Warren S. Stone, chief of the Brotherhood of Locomotive Engineers, and an organizer of the Chicago meeting, is general treasurer of the cooperative commission and other officials of the railway employees organizations and officers.

Representatives of the four big brotherhoods conferred today with Howard Figg, special assistant to the attorney general and in charge of the campaign on the high cost of living.

Mr. Figg said that the visitors came to obtain information on results achieved by the department of justice and had informed him their organizations planned to solve their own problems thru cooperative methods.

Indications that pressure for increased wages might be lessened was seen in a statement by B. M. Jewell, acting president of the railway employees department of the federation of labor, that "an increase in pay will not solve the problem. He asserted that higher wages accompanied by an increase in prices results in "vicious circle" which leaves the railroad man no better off than with the smaller salary.

Other railway workers, officers as well as Jewell, saw no hope for relief in prosecution of profiteers and declared the only way to deal with an economic situation is with economic factors. An alliance of the farmers, the organized producers on the one hand with the laborers, or organized consumers on the other, is the purpose of the cooperative commission said Jewell, who is a member of the commission. Inauguration of extensive cooperative schemes among railroad brotherhoods membership immediately after the Chicago conference in February was predicted by H. E. Willis, executive representative of the locomotive engineers.

Plans for organization of a cooperative bank, authorized by the Brotherhood of Locomotive Engineers before the war may soon be pushed to completion he said, and steps taken to establish cooperative stores and distribution facilities to supply members of the brotherhood with necessities at a reasonable price.

Mr. Willis expressed the belief that other organizations would follow the example of the brotherhood of maintenance of way employees and railway shop laborers, who he said recently purchased knitting and underwear plants, a glove factory and a tubing concern and entered into contracts with overall makers and manufacturers of other articles.

The plans also called for the creation of warehouses as distribution centers.

The commission is said to be proceeding independently of Samuel Gompers, president and other officials of the American Federation of Labor. A report by a committee of the November Farmer-Labor conference was pigeonholed by international officials of unions affiliated with the American Federation of Labor at their meeting here December 13, it was said.

## THIRTY FORMER GERMAN SHIPS PUT ON MARKET

Washington, Jan. 7.—Ready sale of the thirty former German passenger ships put on the market by the shipping board is expected, officials saying today that from the number of inquiries regarding the vessels received the number of proposals submitted when the bids close Jan. 20, probably will be large.

## AUTOMOBILE SHORTAGE FORECASTED

New York, Jan. 7.—A shortage of automobiles this year was predicted here today by members of the National Automobile Chamber of Commerce who they estimated that the passenger car output for the year would exceed 1,000,000. The shortage at present was placed at one million

## SETTLEMENT WITH PACKERS EXPLAINED

More Accomplished Thru Gov-  
ernment Than Could Have  
Been by Courts Declares At-  
torney General Palmer.

WASHINGTON, Jan. 7.—More was accomplished thru the government's settlement of its anti-trust proceedings against the five big Chicago meat packers than could have resulted from a court decision adverse to the packers, Attorney General Palmer told the senate agriculture committee today. He appeared on invitation of the committee in connection with its consideration of what legislation is yet required for the packing industry.

The government, Mr. Palmer declared, surrendered no rights to further prosecution, eliminated the packers from industries not directly related to meat packing and does not now contemplate further proceedings as the case against them have been won.

There were a few sharp interchanges between Mr. Palmer and committee members. The suggestion, Nebraska, that criminal counts against the packers had been "forgotten" brought a flat denial.

Senator France, Republican, Maryland, intimated that by bringing civil and not criminal proceedings the department of justice had laid itself open to the charge of failing to prosecute multi-millionaires while its agents had been spying upon members of labor unions and making summary arrests.

"It doesn't lay in the mouth of any man, high or low, to say that the attorney general is a respecter of persons," retorted Mr. Palmer. He added that he had brought civil complaints against the packers as he had brought civil complaints against the miners' union during the strike.

Mr. Palmer said he saw no hope of immediate lowering of food prices by the agreement.

## RULES COMMITTEE HOLD TWO SESSIONS

Report Will be Completed When  
Constitutional Convention Re-  
convenes January 14th.

Springfield, Ill., Jan. 7.—Members of the rules committee of the Illinois constitutional convention who held two sessions today believed tonight they would be able to complete their report in ample time to have it printed and ready for the members of the convention when it reconvenes Wednesday, January 14, at 10 a. m. Much progress was made today.

The committee is said to have discussed today the question of the appointment of committees. It seemed probable that appointment of committees would be left to Charles E. Woodward of Ottawa, president of the convention and chairman of the rules committee.

The number of committees was also considered but there was no agreement reached on this subject. The committee will meet again tomorrow and members expect that a complete list of committees and the functions of each will be decided.

## WET FORCES START ANOTHER DRIVE

Annapolis, Jan. 7.—Wet forces started their drive against prohibition at the opening of the state legislature today when three resolutions were offered by Representative J. D. Iverson. The resolutions ask for a recall of Maryland's vote two years ago in favor of a ratification of the amendment, a referendum at the November election on ratification of the amendment if the Maryland vote is recalled and the third urges the president and congress to submit the amendment as a referendum to the voters of several states.

## WILL INVESTIGATE NAVAL CONTROVERSY

Washington, Jan. 7.—Coincident with appointment today by Chairman Page of the senate naval committee of a sub-committee to investigate the naval decoration controversy, Secretary Daniels sent him a list of all officers and enlisted men considered by the navy's board of awards for service decorations as recommended by commanding officers. The list had more than 3500 names and the accompanying charts show the fate of each recommendation. Among members of the sub-committee as suggested by Chairman Page are Senators McCormick, Illinois, and Newberry, Michigan, Representatives. No date to begin the hearings has been fixed it was said.

## DIES FROM INJURIES WHILE AT PLAY

Chicago, Jan. 7.—Benjamin Edwards, aged 6, died this morning as a result of injuries sustained last night while playing "tag" with his father, Benjamin K. Edwards a millionaire lumberman.

The boy, romping with his father and sister, Betty, upset a table and the 200 pound marble top crashed down on his head.

## TRADING SCHEME COMPLETE

London, Jan. 7.—A scheme to finance trading with the Baltic provinces of Estonian, Letland and Lithuania has been completed. It provides for establishment of a central bank of partnership with the government of the Bank of England with provisions for a new issue of currency based on a gold standard and the restoration of debased currency by a sound, scientific process of currency reform.

## PACT LOOMS UP AS CAMPAIGN ISSUE

Much Speculation by Demo-  
crats Over Stand by Wil-  
son and Bryan

CONVENTION CITY  
FIGHT NARROWS

WASHINGTON, Jan. 7.—The peace treaty as a campaign issue, loomed on the political horizon today as Democratic leaders, gathered for the quadrennial meeting of the Democratic national committee laid preliminary plans for the presidential contest.

Already overshadowing the fight for the national convention which apparently narrowed today to Kansas City and San Francisco treaty decision got another impetus when it became known that tomorrow the committee would be asked by its officers to put itself squarely behind President Wilson in his stand on the treaty. A resolution making such a declaration was prepared and Chairman Cummings of the committee predicted that it would be adopted. It is understood to be in general terms endorsing the president's course without declaring specifically for unreserved ratification.

The announcement stirred endless speculation when it was coupled with reports that W. J. Bryan would advocate a different course at the Jackson Day banquet to be held under auspices of the committee tomorrow night.

Involved in the possibilities of this situation was another unknown quantity—the message President Wilson is to send to the banquet. It generally has been assumed that he will touch on the treaty.

Occupied with these reflections committee members apparently have given little attention to possible candidates, several of whom will pronounce their views at the banquet. On this subject also there has been hesitancy because of uncertainty over the intentions of Mr. Wilson and Mr. Bryan.

Chicago backers in the race for the convention became very active late in the day and word came from St. Louis that its plans to capture the big meeting abandoned several days ago, might be revived if a compromise solution were sought.

When the committee meets tomorrow the bids for the convention will be required in writing and a hearing on them will be given in open session.

Discussion of the time for the convention also will be determined about June 22 and June 29.

## CONTINUE CAMPAIGN AGAINST RADICALS

WASHINGTON, Jan. 7.—Com-  
plete coordination of all govern-  
mental agencies, with an awaken-  
ed congress, tonight had given  
the campaign to rid the nation of  
radicals a broader aspect.

While Assistant Attorney General Garvin's force continued raids including a search for Ludwig Martens, self-styled envoy of the Russian soviet government there were evidences of new activity and more determined co-operation in government department.

Congress received a bill introduced by Representative Johnson, Republican, Washington, which would make every government employee an agent to ferret out undesirables. Each clerk would be given the duty of reporting any information on alien activities to the department of justice and immigration authorities.

The treasury secret service was enlisted in running down persons whom immigration authorities have issued warrants. Customs officials also have been ordered to report any information they may gather, while the army and navy intelligence branches will co-operate.

## NO REASON FOR WOMEN JURORS

New York, Jan. 7.—Notwith-  
standing "the marvelous develop-  
ment of womanhood in the past  
decade," there is no reason, judi-  
cial or otherwise, why women  
should serve on juries, in the op-  
inion of Justice Lazarsky, of the  
supreme court. In an opinion today  
he denied a writ of mandamus to  
compel the commissioner of ju-  
rors of Brooklyn to include repre-  
sentatives of the fair sex in max-  
ing his lists.

## LEAVE FOR MANEUVERS

New York, Jan. 7.—The super-  
dreadnaught Pennsylvania, flag-  
ship of Rear Admiral Henry B.  
Wilson, and the super-dread-  
naught Arizona sailed today for  
the Virginia Capes where they  
will meet other vessels of the At-  
lantic Fleet battleship force to-  
morrow.

## TRIAL SET FOR JAN. 26

Aberdeen, Wash., Jan. 7.—  
Trial of eleven alleged I. W. W.  
charged with murder in connec-  
tion with the armistice day shoot-  
ings in Contralia, Wash., Nov. 11,  
will be held in Montezuma, Wash.,  
Judge J. M. Wilson of Olympia,  
sitting in the Gray's Harbor coun-  
ty superior court at Montezuma,  
decided late today. The date for  
the trial was set for Jan. 26.

## SOCIALISTS DENIED SEATS IN NEW YORK LEGISLATURE

ALBANY, N. Y., Jan. 7.—Five  
Socialist members of the assembly  
of the New York legislature,  
were denied their seats at the  
opening meeting of the 1920 ses-  
sion today. A resolution ques-  
tioning whether they could be  
loyal to their oaths of office when  
bound to act subject to instruc-  
tions of the Socialist party, was  
quickly passed, 140 to 10, after  
C. Sweet, speaker, ordered the  
sergeant-at-arms to bring the  
Socialists before the bar of the  
house. The Socialists must now  
prove their fitness to their seats  
before a tribunal selected by the  
assembly.

The Socialists, August Claes-  
sens of New York county, their  
party leader, Samuel A. Dewitt,  
and Samuel Orr, Charles Solomon  
and Louis Waldman, were ushered  
before the speaker's desk.

"You are seeking seats in this  
body—you who have been elected  
on a platform absolutely inimical  
to the best interests of the state  
of New York and of the United  
States," the speaker said. "That  
platform is the doctrine of the  
Socialist party. It is not truly  
a political party, but is a mem-  
bership organization admitting  
aliens, enemy aliens and  
minors."

Quoting from the constitution  
of the Socialist party which re-  
quires all members to be guided  
in all their political actions by  
the constitution and platform of  
the party, the speaker continued:  
"It is interesting to note that

## FOUND GUILTY OF DROWNING WIFE

William P. Wroten, Given Life  
Sentence for Murder—Was in  
Love With Another, According  
to Testimony.

Pineknobville, Ill., Jan. 7.—Wil-  
liam P. Wroten, a railroad laborer,  
was found guilty of murdering his  
wife by drowning, by a jury in cir-  
cuit court here today. His pun-  
ishment was fixed at life imprison-  
ment.

The drowning occurred July 8,  
and a week later Wroten married  
Mary Brown, aged 15. The child  
wife renounced him following his  
arrest. Wroten resided in Con-  
ant.

According to testimony, Wroten  
and his wife were swimming in a  
creek and while their two baby  
children played on the bank Wroten  
knocked his wife unconscious.  
She fell, it was testified and he  
held her head under the water.  
This testimony was given before  
Judge Carter who said Wroten made  
the admissions to him while in  
jail. He asserted Wroten said he  
struck his wife after she had  
asked him if he didn't wish it  
were Mary Brown in swimming  
with him instead of herself and  
he replied in the affirmative.

An alleged confession of Wroten  
was not admitted as a ten-  
nent to have been obtained under  
duress. Attorneys for Wroten  
asked for a new trial.

## COMMISSION WILL BE INVESTIGATED

Washington, Jan. 7.—A gen-  
eral investigation of the federal  
trade commission including  
charges that a number of the  
commission's employees have been  
and are engaged in radical propa-  
ganda will be made by a com-  
mittee headed by Senator Town-  
send, Republican, Michigan.

The committee was appointed  
late today by Chairman Cum-  
mings of the interstate commerce  
commission under the authority  
of an resolution adopted by the  
senate declaring the belief that  
employees of the federal trade  
commission have been engaged in  
"furthering the organization and  
growth of Socialistic organiza-  
tions."

## INCORPORATE TO STOP BOLSHIEVISM

Albany, N. Y., Jan. 7.—The  
American Institute for Suppres-  
sion of Bolshevism with offices in  
New York was incorporated today  
by the Secretary of State today.

Hartford, Conn., Jan. 7.—Fed-  
eral agents raided the headquar-  
ters of the German Branch of the  
Communist Labor Party here late  
today. A department of justice  
agent later announced that on  
the strength of the evidence ob-  
tained, federal operatives in New  
Jersey had arrested Max Wolf,  
said to be national secretary of  
the German branch.

## INDICT FIVE MORE ALCOHOL PEDDLERS

NEW YORK, Jan. 7.—Five  
more of the 23 men indicted re-  
sponsible for manufacture and dis-  
tribution of wood alcohol "whiskey"  
which spread death and illness in  
Connecticut at Christmas time  
were arraigned in federal court  
today charged with conspiracy to  
defeat the war time prohibition.

## VETERAN OF CUSTER'S ARMY DEAD

Chicago, Jan. 7.—Captain  
James P. Lockwood, aged 69,  
a veteran of Custer's seventh cav-  
alry in the Sioux and Little Big  
Horn campaigns, died at his home  
in Evanston today. He was with  
Custer from 1870 to 1876 and  
was a regular army soldier.  
He held a commission in the Illinois  
national guard for many years.

## PLUMB PLAN FOR ALL U. S. INDUSTRY

Program Worked Out by  
Author of Railroad Bill—  
To Be Announced Soon

CLASS INDUSTRY  
INTO FOUR DIVISIONS

WASHINGTON, Jan. 7.—A  
Plumb plan for all American in-  
dustry modeled after the plan  
of the same name for railroads  
has been prepared and is expected  
to be announced soon. Copies of  
the plan captioned "An industrial  
program" by Glenn E. Plumb, are  
being circulated here and some  
have been received in government  
circles.

The plan proposes for all in-  
dustry the system of tripartite  
railroad control which it has  
been announced would be made  
an issue at the elections. It pro-  
poses practically the same division  
of representation for capital,  
labor and the public. Industry is  
classified into four divisions:

1. Those "individualistic in  
ownership and operation, includ-  
ing the farmer, and the small  
artisan, contractor and manu-  
facturer who is both capitalist,  
labor, railroad and consumer."

2. All industries "formerly  
individualistic, but which have  
so developed that ownership is  
separate from labor and super-  
vision of production in which it  
engages the efforts of others who  
have no share in ownership."

3. Industries "based upon a  
grant from society in the shape  
of a franchise, grant of privilege or  
monopoly. This division includes  
all public service corporations ex-  
cept those engaged in interstate  
commerce and all industries en-  
gaged in exploiting natural re-  
sources."

These latter are described as  
including mines, gas and water-  
power.

4. Railroads and commercial  
transportation facilities. The  
plan explains that these are con-  
sidered separately from the public  
service facilities because the  
former are "under local control,  
created by local authorities and  
subject to local regulation."

The "fundamental interest" in  
these industries, Plumb plan de-  
clares "is the need of the society  
for the products of that industry  
or the subject renders that calls  
the industry into being. In the  
first two classes where society has  
made no grant the free working  
of the law of supply and demand  
protects the public interest."

"Public interest" is defined as  
follows:  
"It is the right of the public  
to obtain better, cheaper or more  
products or services as the pro-  
gress permits the making of more  
or better goods or service at a  
lower cost of production. The  
constitution denies the power of  
regulation as to deprive the  
owner of his investment, actually,  
honestly and prudently made or  
of a fair return on such invest-  
ment. If society pays more than  
the individual, society pays more  
than it lawfully is required to pay  
and the owner receives more than  
he is lawfully entitled to receive."

"This," says the plan, "intro-  
duces perpetual conflict between  
society and the agent it has cre-  
ated for its service."

Under the heading "rights of  
labor" the plan declares that the  
measure of a what a workman  
shall receive "depends entirely  
upon the amount in value of ser-  
vice he renders. He is entitled to  
receive an equivalent amount  
compared with the services of  
others."

Concluding the resume de-  
clares, "the existing industrial  
system is crashing around our  
ears," that wages bear no rela-  
tion to the value of services ren-  
dered and that profits are wrong-  
fully exacted.

"To correct this system," says  
Plumb's plan, "there must be  
equality between the three—the  
public, capital and labor. I sub-  
mit to American people the true  
foundation for reconstruction of  
our industrial system. This re-  
quires that the grant of society  
shall be deemed the investment  
which society makes in that in-  
dustry; that the capital required  
to support the industry shall be  
deemed an investment. In labor  
the creative power of in-  
dividuals, shall be deemed an in-  
vestment."

"Society shall receive profits on  
its investment in the shape of  
better, cheaper and more service.  
Capital shall receive its share in  
guarantee protection of invest-  
ment and that current rate of re-  
turn which in the markets pro-  
cures the acceptance at par of the  
securities which represent invest-  
ed capital. Labor shall receive  
as its return upon its investment  
of human effort that rate of re-  
turn which in the free markets  
procures the service of that class  
of labor, and, in addition to  
wages shall receive its share of  
all the savings which labor can  
effect in production."

## GRANTED WRIT OF SUPERSEDAS

Springfield, Ill., Jan. 7.—John  
Bacon, former Chicago police  
man, sentenced to the Joliet  
prison on a charge of murder,  
was granted a writ of superse-  
das and admitted  
to \$15,000 bail by a supreme  
court order today. A writ of  
superseas was also entered in  
the case of Arthur Haensel of Chi-  
cago, convicted of wife murder  
and sentenced to hang Friday.

## NEW THEATRE FOR NEW YORK

New York, Jan. 7.—Fifth  
Avenue will be graced by a \$7-  
500,000 theatre and office build-  
ing at 57th street according to  
plans made public today. The  
new building will be eleven  
stories in height with a tower in  
the center, rising an additional  
10 stories. The theatre will be  
about 300 persons.

## ARREST DRAFT DODGER AFTER LONG SEARCH

Captured While Hiding in the  
Palatial Residence of His  
Wealthy Mother on Outskirts of  
Philadelphia.

PHILADELPHIA, Jan. 7.—  
Grover Cleveland Bergdoll,  
wealthy son of a former brewer,  
charged with being a draft dodger  
and deserter from the army, was  
captured today while hiding in  
the palatial residence of his  
mother on the outskirts of this  
city. Tonight he is a prisoner on  
Governor's Island in New York  
harbor, awaiting trial by court  
martial.

The capture of Bergdoll, whose  
brother, Erwin, automobile racer,  
is still missing, also charged with  
dodging the draft, was made by  
more than a dozen federal and  
city officials in a raid on the  
Bergdoll home. Resistance was  
offered by the mother, Mrs. Emma  
Bergdoll, who threatened to shoot.  
She was disarmed only after a  
struggle. She was held in \$10,000  
bail on charges of assault and  
battery with intent to kill and  
conspiracy to prevent the execu-  
tion of search and arrest war-  
rants. Bail was furnished by her  
son in law, Grover Bergdoll dis-  
appeared in August, 1917, and  
search for him as an alleged draft  
dodger was made all over the  
United States and Mexico.

Mrs. Bergdoll threatened the  
death of any officer who entered  
her home, federal agents said.  
Strategy was used and the front  
door and rear entrances were forced  
at the same time. It was at the rear  
door the mother struggled with  
the police. A search of the house  
revealed Grover hiding in a win-  
dow box seat on the second floor.

After a preliminary hearing at  
the federal building Bergdoll was  
taken to New York under heavy  
guard. He said he had roamed  
all over the United States and had  
returned home only a few days  
ago. He said he saw his brother  
Erwin only once, in Cincinnati,  
six months ago.

Grover Bergdoll's father is  
dead. The young man was much  
in the public eye before he was  
accused of draft dodging.

Bergdoll said that once during  
the two years' hunt for him he  
was arrested in Peoria, Ill., for  
speeding in his automobile and  
gave his right name to the po-  
lice, but was released on payment  
of a \$50 fine.

## STATE WITNESSES CROSS EXAMINED

LOS ANGELES, Cal., Jan. 7.—  
Lengthy cross-examination of  
state witnesses who had testified  
that Harry New was sane when he  
alleged to have killed his fiancée,  
Freda Lesser, prevented the  
prosecution today from closing its case.  
Dr. D. H. Calder, second of three  
alienists, the last witness the  
state expected to call was on the  
stand when adjournment was  
taken until tomorrow. It was  
predicted the testimony of the last  
alienist would not be before the  
jury until tomorrow afternoon.

It is doubtful if arguments will  
be begun before Friday, attorneys  
say and the case will not go to  
the jury before Saturday or Mon-  
day. Dr. Calder testified on direct  
examination he believed New  
sane when he was alleged to have  
shot Miss Lesser, based on exami-  
nations he had made of New.  
Under cross-examination the doc-  
tor said he considered New "an  
undeveloped man mentally."

"It is the right of the public  
to obtain better, cheaper or more

gress permits the making of more  
or better goods or service at a

tion to the value of services ren-  
dered and that profits are wrong-  
fully exacted.

"To correct this system," says

## PREVOST WILL BE ARRAIGNED TODAY

MT. CLEMENS, Mich., Jan. 7.—  
Lloyd Prevost will be arraigned  
tomorrow on a charge of murder-  
ing J. Stanley Brown, county  
authorities announced tonight.  
His attorneys indicated he  
would demand an examination.  
Prevost was formerly placed  
under arrest today at the end of  
the special grand jury investiga-  
tion into the death of Brown. Pre-  
vost, it was charged, killed Brown,  
who was his former close friend,  
deliberately and with careful pre-  
meditation.

Mrs. Cecil Vester, against  
whom a charge of murder was re-  
leased last week, was released.

## CADDICK DEFENDS TITLE

Boston, Jan. 7.—Earl Caddick,  
of Iowa, heavyweight wrestling  
champion successfully defended  
his title here tonight, winning  
from "Cyclone" Burns of this  
city, in two successive falls. The  
first fall was made in 37 minutes  
and 40 seconds with a head scis-  
sors and wrist lock, and the  
second in 12 minutes and 5 sec-  
onds with a body scissors and  
body hold.

## CHARGE CHANGED

Paw Paw, Mich., Jan. 7.—The  
charge of murder against J. C.  
Virgo, in connection with the  
death of his wife, Maud Tabor  
Virgo was changed today to  
manslaughter. Virgo appeared in

## MINERS ENDORSE ACTION OF CHIEFS

Acceptance of President Wil-  
son's Offer Ending Strike  
is Backed by Men

1,639 TO 221 FINAL  
VOTE ON ENDORSEMENT

COLUMBUS, O., Jan. 7.—Inter-  
national officers of the United  
Mine Workers of America will go  
before the commission appointed  
by President Wilson to arbitrate  
final settlement of the contro-  
versy between the miners and op-  
erators with the backing of the  
rank and file of the miners as a  
result of action today of the  
miners' reconvened convention.

By 1,639 to 221 the convention  
adopted the motion of Philip Mur-  
ray, president of the Pennsylvania  
miners, to endorse the officers'  
action in calling off the  
strike and agreeing to accept the  
president's proposal which pro-  
vides a fourteen per cent wage ad-  
vance and agreement to submit  
all questions to the commission.

The commission adjourned sine  
die and Acting President Lewis  
and Secretary Green will meet  
with the national executive  
board here tomorrow before go-  
ing to Washington to appear next  
Monday before the commission.

John P. White one member of  
the commission was present at the  
convention when the vote was  
taken. Union chiefs were happy  
tonight over what is regarded as  
complete vindication of their ac-  
tion. The vote came after three  
days of debate and a stormy  
windup in which a small, but  
noisy minority tried to swing the  
convention in favor of postponing  
acceptance of the president's pro-  
posal until after the commission  
has made its award.

Opponents of the proposed set-  
tlement, failing to block accep-  
tance, filed charges against Ac-  
ting President Lewis and Secretary  
Green demanding their removal  
and suspension from the union for

All the joy out of life? Feeling blue and gloomy? Every-thing seems to be going wrong? Let's see—guess you'd better visit a doctor; must be your liver or stomach or something. No? You don't need that kind of a doctor? Oh! That's different. You want a mental jolt, you say—something to give you a fresh start? Well, there's only one chance for you—but it's a sure cure. Better go and see the joy-specialist—

Government control of the railroads is to last only about seven weeks longer. There are still some people who urge that this operation continue for a two year period. They are either not familiar with the facts or else do not care what kind of service the public gets or what is the cost.

According to authorities at Washington, trade cannot be resumed with Germany until the League of Nations plan has been ratified. Nevertheless, American producers of potash are aware that a cargo of 5,000 tons of potash recently arrived from Germany for sale in the U. S.

It is very interesting to note that while the Reds have been laying deep plans for tearing down this government, that as soon as plans for their deportation are uncovered they immediately appeal for their rights under the constitution. They are in the position of wanting the protection of the constitution and at the same time seeking to destroy it.

Victor Berger was very much incensed against the police chief at Jersey City who provided him an escort from the city and would permit no speech making. The Milwaukee congressman elect proposes to collect damages. He had better have the trial in Milwaukee if he expects to find a jury which will give him much consideration.

## THAT RAILROAD SWITCH.

Perhaps the Chicago & Alton railroad will show the city the exact reasons why a switch track to the proposed power plant is not favored. The fact is no good reasons have thus far been suggested and the city authorities would like to know what is "behind" the surprising attitude of the railroad management. Perhaps 5,000 or 6,000 tons new freight business for the Alton is a mere bagatelle but the city authorities have the feeling that the interests of this municipality should have some consideration from the railroads passing thru it.

### MINE STRIKE MENACE DISAPPEARS.

By how much the more conservative element is now in control of the miners' organization was shown by the vote at Columbus yesterday, when the agreement previously made by the president and secretary was approved by a six to one vote. However, the full strength of the radicals was perhaps not indicated by the vote, for many of them feel that the president's commission plan gives vastly more promise of benefits for the miners than would the commission investigation plan suggested by Dr. Garfield. At any rate, it is gratifying to a long suffering public to know that there is no prospect of further miners' strike trouble at least until the spring months come.

## TAX BURDENS.

Mr. Pontius in addressing an audience at the local labor temple with "Capital" as his theme, made some very informing statements. He took upon a vital subject in his reference to fair taxation systems. It is a well known fact that taxes are higher than would otherwise need be because there are so many tax dodgers. In almost every community it is safe to say that there are a great many people who do not bear their just share of taxation burden. This is not always the fault of officials who spread or collect taxes, but much depends upon the personal honor and the personal theory of the tax payer with reference to his public duty. When a system is found whereby the tax burden is spread with absolute equity, the man of small means will find his burden quite light.

## THE FARMERS POSSIBILITY.

Officers and a number of the members of the Morgan County Farmers' club are to meet today to confer about the membership campaign which is soon to begin. The purpose is to secure members not only for the local club but for the state agricultural association, which is a part of the national organization. In this work it is proposed for Morgan county to join with other counties and this state with other states in the biggest effort that has ever been made to bring the farmers of the country into a great cohesive organization.

It is pretty safe to say that if the farmer can but be made to see the possibilities of such an organization—its potential power to dictate to both labor and capital—that the national organization will in the course of a comparatively short time become a country-wide fact and a most influential factor in national affairs.

## THE COST OF NON-ESSENTIALS.

The average Chicago family of five spent, in the year to November 1, \$17.01 for liquor, \$17.39 for tobacco and \$16.10 for movies, theatres, etc., a total for these non-essentials of \$50.50 or \$4.21 a month. This is according to a cost-of-living survey made by the bureau of labor statistics, U. S. department of labor.

The average family expenditures for gas in Chicago, including lighting and heating, averaged the average of all families from mechanics to millionaires) is \$26.40 a year or \$2.20 a month. The average residence bill for electricity in Chicago, again including the millionaire and mechanic, is \$24.12 a year, or \$2.01 a month.

The U. S. department of labor survey showed that the average cost of street car fares per ride per family was lower in Chicago than in most of the larger community units investigated, notably New York, New Orleans, Philadelphia, St. Louis, Salt Lake and San Francisco.

Among the thirty communities surveyed, Chicago's average family liquor bill of \$17.01 was the largest. In "dry" Seattle there was no liquor bill. In only three of the communities was the average annual family expenditure for tobacco larger than Chicago's \$17.39, namely: Philadelphia, \$20.06; St. Louis and East St. Louis, \$19.80; Cleveland, \$18.71.

## Rippling Rhymes

By Walt Mason

Thinking of Spring,  
I do not mind the winter weather, when I am seated by the fire, with some chaste volume bound in leather, or with my dulcimer or lyre. But when the auto must be started, and I must crank her half a day, the winter finds me broken hearted and yearning for the bloom of May. In spring I merely press the starter, and pistons whiz to beat the band, but now a pale and frozen martyr, I turn a rusty crank by hand. Last night, alas, I failed to drain her, and now the water's frozen hard, and it's a sad and steel container: I hand out language by the yard, I call aloud for springtime rhymes, for azure skies and babbling rills, for pastures with their grazing heifers, and sunshine gilding verdant hills. I cry, "Send me some of roses, O Mother Nature, send it back; pray, can these winches that freeze our noses, and put our motors out of whack?" I like to hear the north wind howling through long dark nights, to wake the dead; I like to hear the frost king growling when I am safely tucked in bed. But when I try to crank the auto, upon a bleak and bitter morn, I yearn for sylvan nook and grotto, and warm winds blowing through the corn.

## OLD JACKSONVILLE

SOME OLD STUDENTS

By Ensley Moore

(Member Illinois State Historical Society)

Mr. James E. Babb, formerly of Homer, Ill., but a student of Illinois College thro' the course and graduated in 1883, now is a distinguished lawyer at Lewis-Idaho. He recently sent the writer a notice of the death of the Hon. Miles C. Moore, of Walla Walla, Washington. The sketch follows O. J.'s explanation. For, while Mr. Moore (not related to the writer) never lived here, yet he was connected with several students—male and female—well known here in their day.

## The Bakers.

Dorsey S. Baker was a student at Illinois College in '41-'42; '43-'44, coming here from Wabash county, of which Mt. Carmel is the capital. Dorsey had a brother, presumably Edward who attended Illinois in '45-'46. These men were well known here, and were highly thought of.

Dorsey, having become a physician, was an early pioneer to "The Oregon country," and became one of the most prominent men in Oregon and Washington. Baker City, Oregon, now called Baker, was named for him. His latter days were spent in Walla Walla, Washington, where he established the Baker-Boyer bank. Dr. Boyer being his brother-in-law. Dr. Baker was one of the richest men of the North-West. He was the father of Miss Mary E. Baker, known here in school days as "Mollie" Baker. He died about 1890.

Edward Baker, was down in the catalogue as from Rockford. But Dorsey had a brother here, who latterly lived at Tuscola. He was well known there, and went to Cherryvale, Kansas, his last home, about 1875 or 1880. Edward was the father of Howard Kitcher and Fivellia Baker. The former attended Illinois College, and the latter the Y. L. Athenaeum.

As stated in the notice of Mr. Moore, his wife was Mollie Baker, daughter of Dr. Dorsey S. Baker. She was an attractive girl, and attended the Young Ladies Athenaeum here, being graduated in 1871. She then went to her western home, and married Gov. Moore. She died about eight years ago.

Howard K. Baker attended Illinois in '65-'66-'67-'68 and '69-'70, but did not graduate. He then returned to his home in Tuscola; going thence, probably, to Kansas with his father.

Fivellia Baker was here, at the Athenaeum, with "Mollie" at the time her brother was in Illinois College. All three boarded with the Misses Rannels, at the aerle for students—rivaling that of the Misses Ellis—on South Diamond street. Howard Baker was a member of Sigma Pi Society in College. All of them were attendants of Westminster church.

## Influence of Jacksonville.

These references to people of character and standing, who went to the West, show again, as must always be remembered, the developing power and influence that Jacksonville and Illinois College have exerted in the history of the great West.

It should have been stated that Gov. Moore built the 1st railroad in the Pacific-Northwest. He left \$50,000 by will to Whitman Col-

lege, Walla Walla. The extract from a Moscow, Wash., paper is as follows:

"A dispatch from Walla Walla, tells of the death there Friday of Miles C. Moore, who was the last governor of Washington Territory before it became a state in 1889. Mr. Moore was known to the pioneers of Moscow, having been interested in one of the first banks established here. The story of his death and brief history of his life, as told in the dispatch, follows:

WALLA WALLA, Washington. —Miles C. Moore, last territorial governor of Washington, president of the Baker-Boyer National bank and president of the board of trustees of Whitman college, died at a local hospital this morning after an illness of two weeks.

Governor Moore was 75 years old and a man who made his own way in life and probably one of the best known bankers in the northwest.

Born at Rix Mills, Muskingum county, Ohio, April 17, 1845, Mr. Moore went with his parents to Wisconsin in 1855. He was educated at Bronson institute, Point Bluff, which institution he attended for eight years.

Immediately upon completing his school work he came west, crossing the plains to Montana, and then coming to Walla Walla, where he was employed for one year in the store of Kyger and Reese, pioneer merchants. This was in 1863, and one year later he engaged in business on his own account, and a year later went to Blackfoot City, Mont., where he conducted a store and acted as express and stage agent for A. J. Oliver & Co.

In the following years he returned to Walla Walla and became a partner in the firm of H. E. Johnson & Company, dealers in books and stationery.

In March, 1873, he married Miss Mary E. Baker, daughter of Dorsey S. Baker, a member of the firm of Baker & Boyer, the founders of the bank.

In 1884 he was chairman of the Republican territorial convention at Seattle, a turbulent convention marking an epoch in political history of the territory. Four years later he became interested in his brother-in-law in the management of the estate of his father-in-law, and in 1889 he was named vice president of the bank.

Governor in 1890. It was in March of that year that he was named governor of the territory of Washington, the appointment coming from President Benjamin Harrison, just before the expiration of his term. This office was retained until Washington was admitted to statehood on November 13, of the same year.

Other honors came to this remarkable man in 1903, when he was elected president of the Washington State Bankers' Association, and he served three years as Washington member of the executive council of the American Bankers' Association.

Besides being president of the board of trustees of Whitman College, at the time of his death, Mr. Moore was a member of the Arlington club of Portland, the Union club of Tacoma and the Rainier of Seattle."

## RECEIVING NEW LICENSES

Local motor car owners are beginning to receive their new 1920 license numbers, which it must be admitted are different from preceding tags, but cannot be termed as artistically beautiful.

The mail carriers in Springfield whose duty it is to pay daily visits to the office of Secretary of State Emmerson are working overtime these days. The record amount of mail so far this year was delivered yesterday morning, when three large mail sacks were required to haul the 17,000 applications for automobile licenses to the office.

## AN INTERESTING VOLUME.

Prof. J. G. Ames has discovered in the Illinois College library a very interesting book written by the French poet, Alfred deVigny and called "A Souvenir of Military Servitude." The poet married an English lady named Bunbury and in 1856 made an autograph presentation of the book to his nephew, H. W. Bunbury, as a testimonial of sincere affection. This is the translation as all is in French.

The book is a present from the late Dr. Samuel Willard and for that reason as well as others is highly prized.

Session at Dunlap Hotel to Be Preceded By Dinner—Number of Speakers on Evening's Program.

The next regular meeting of the Jacksonville Automotive Dealers Association will be held Monday evening, January 12, at the Dunlap Hotel, the meeting to be preceded by a six o'clock dinner.

Special importance attaches to the coming meeting in that there will be addresses by Mayor E. E. Crabtree, Henry Frisch, president of the Chamber of Commerce and by V. R. Riley, C. N. Priest and LeRoy Craig, representing good roads organizations. F. P. Drury, field secretary of the National association, also will be present.

The leading feature of the addresses will be along the line of what can and ought to be done for the benefit of Morgan county and the city of Jacksonville, emphasizing particularly the necessity for good roads.

The Jacksonville Automotive Dealers association is not a selfish organization in any sense of the word, but is anxious to cooperate in every possible manner with all existing organizations and to be of real benefit to the community at large.

The meeting next Monday night is arranged with this end in view and with the hope that work of real importance and lasting benefit will be accomplished.

There is a movement on foot to extend the scope of the automotive dealers association to include all allied branches, and to later affiliate with an Illinois state organization, a meeting to form which has been called for next month.

### CONSOLIDATION OF RAILROADS URGED

Plan Advocated by Director Hines Before the Bar Association of New York City.

New York, Jan. 7.—Compulsory consolidation of the railroads into a few great corporations before they return to private control with the public and labor as well as capital represented in the management was advocated tonight by Director Hines before the bar association of New York City. "Without this fundamental reconstruction," he declared, "the result will be progressively disappointing and in a few years dissatisfaction of the public will manifest itself thru an insistent demand for a radically different plan not likely then to stop short of outright ownership."

Pointing out the "almost impossible" situation of the railroads prior to federal control owing to the difficulty of finance, Mr. Hines said, "our past experiences demonstrated that the old system will not succeed." He advocated the fixing by congress of a general standard of rates to allow earnings "clearly in excess of a reasonable return" which "must go largely to providing adequate reserves to take care of years of depression and enough of the excess must be left with the com-

pany earning it to provide adequate stimulus for efficiency."

"We make a grave mistake in assuming that the representatives of capital can manage the situation," he said. "The scheme of the past has been on the false theory and the result has been that the public has injected itself into the management thru agencies and labor has injected itself into the management thru its organizations. We have all three interests participating in the management and yet there is no common ground on which these three elements can meet and endeavor to reach conclusions."

"I believe the only sort of management which can be permanently effective is one which provides for an orderly participation at the outset of all three interests instead of the past scheme."

"Any rate increase that will establish an adequate credit for the various railroad companies operating independently must be substantially greater than a rate increase which would protect the situation temporarily if unified control were continued until more stable conditions appear. This means that the public must pay a very substantial price in an additional increase in rates for the privilege of the immediate resumption of private management."

Defending the results obtained under federal control the director general said the deficit incurred was not due to excessive costs but because "the prices charged for railroad transportation have not been increased in keeping with the increases in prices of commodities."

### ATTACKS ENGLAND

Washington, Jan. 7.—Hope that the old Irish cry of "God give us war in our time," would be the watchword of the Irish rule was accomplished, was expressed by Emmet DeValera, "president of the Irish republic" tonight in first address here.

"Our condition in Ireland is so unjust," he added, "that we shall take an interest in seeing England beaten by any foreign foe."

### BOLSHEVIKI NOW OCCUPYING TAGANROG

LONDON, Jan. 7.—The Bolsheviks have occupied Taganrog, in the territory of the Don Cossacks on the north shore of the Sea of Azov.

The capture of Taganrog on the northeastern arm of the Sea of Azov, together with operations of the enemy forces eastward in Stavropol, seems virtually to isolate the Caucasus from Russia proper.

The sweep of the Bolsheviks near Taganrog and westward is a menace to the northern shores of the Black Sea to Odessa and beyond. A Bolshevik wireless communication Tuesday asserted that large numbers of the populace of Odessa already were being across the Black Sea to Constantinople, although despatch from Odessa dated Wednesday said defensive preparations were being made.

### LAW MISINTERPRETED

Washington, Jan. 7.—Internal revenue officials in a statement tonight declared wine producers distributing wine under the option contracts said to be used in California would be subjected to the penalties of the law. The holding that the option contracts do not violate the law specifically prohibit delivery of wine had been incorrectly interpreted by J. S. Wardell, internal revenue collector for Northern California officials said.

### OFFER ACCEPTED

San Diego, Cal., Jan. 7.—James W. Coffroth, whose offer of \$400,000 for a match between Jack Dempsey, world's heavyweight champion and Georges Carpentier, European champion has been accepted, according to press despatches, cabled tonight to C. J. Harvey, his agent in London to get in communication with Carpentier and Descamps at once and learn their plans.

### LAKE STEAMER IN DANGER

Muskegon, Mich., Jan. 7.—Coast guards and all Lake Michigan steamers were today instructed to keep a lookout for the Crosby Line Steamer Petoskey, 24 hours overdue from Milwaukee. The vessel was reported to have been sighted off Muskegon Harbor late last night when it was believed heavy ice floes forced her to turn back. The Petoskey is a passenger and freight carrier of about 7,500 tons.

### CHICAGO CHURCH BURNED

Chicago, Jan. 7.—Trinity Episcopal church, Michigan avenue and Twenty Sixth street, the worshipping place of many of Chicago's prominent families for many years, was virtually destroyed by fire tonight at a loss of \$75,000. A chapel and the Parish house were saved.

### LARGE SUM INVOLVED IN SUIT

New Lexington, Ohio, Jan. 7.—A suit involving \$20,000,000 in coal lands in Perry, Athens and Hocking counties, Ohio, is being tried here in common pleas court. The Buckeye Coal and Iron Company is seeking to invalidate a mortgage given the central Union Trust Company of New York.

### CONFIDENCE MAN FINED AND SENTENCED

## METHODISTS HELD SUB DISTRICT MEETING

Sessions Were Held in Centenary Church Wednesday Afternoon and Evening—Large Attendance and Much Interest Shown.

A sub-district meeting was held by Methodists at Centenary church Wednesday afternoon and evening. The sub-district comprises about one fourth of the charges of Jacksonville district. The meeting was for the purpose of initiating an evangelistic campaign to assist in the campaign for a million conversions to the Methodist church throughout the world, and was in charge of District Superintendent E. L. Fletcher.

There was a fair attendance at the afternoon session and a large

attendance at the evening session. Much interest was shown and the addresses and discussion will no doubt be most helpful to those who attended.

At the afternoon session addresses on evangelism were given by Rev. N. M. Rigg, Rev. F. E. Smith and Rev. Leo Howard. The addresses were followed by general discussion.

At the evening session the program was varied by musical numbers and addresses along other lines of church work. Rev. C. W. Ivie, district president of the Epworth League, gave a splendid lecture on Life Service. Rev. T. H. Tull delivered a sermon on Evangelism. A quartet composed of Rev. W. S. Phillips, Rev. J. A. Betcher, Rev. N. M. Rigg and T. H. Rapp sang a number of selections and Mr. Betcher sang a solo, "The Lord Is My Shepherd."

The ministers present were: J. A. Betcher, Ashland; J. R. Warlick, Chandler; W. S. Phillips, Carlville; George M. Hays, Curran; Harry Willard, Durbin; and Providence; B. C. Byus, Oakford; C. W. Ivie, Petersburg; N. M. Rigg, Virginia; F. E. Smith, Waverly; L. E. Howard, White Hall; J. O. Kirkpatrick, G. T. Wetzel, D. V. Goudy, T. H. Tull, G. W. Randle and Ray Ragan, Jacksonville.

### WIDTH OF HARD ROADS

It appears that an edict has gone forth that roads to receive the hard surface improvement must be at least sixty feet wide. There is reported to be a piece east of Alexander which hardly complies with that specification and as soon as John Snyder, Roy Craig and a few others were aware of it they at once communicated with the proper authorities and gave full assurance that the matter would be remedied. It will include the demolition of a hedge fence but the promoters promise to cut it down now and draw the roots when the frost leaves the ground. No stopping the sturdy advocates of improved highway thru this part of the country be all men advised.

## MOTOR LAW HAS NEW PROVISION

Vehicles Approaching From the Right Have Right of Way—Measure Now Effective.

The Illinois motor law passed by the last general assembly and which became effective Jan. 1, has a great many provisions in it of interest to auto drivers and to the public as well. A number of changes were made in the laws already on the statute books and there are also additions. Paragraph 33 of the motor law lays down a rule which should aid in the movement of traffic and lessen the number of accidents. This paragraph designates the right of way. It had the approval of the Chicago Motor club and a number of other motor organizations throughout the state. The section reads as follows:

### The Right of Way.

Section 33. All vehicles traveling upon public highways shall give the right of way to other vehicles approaching along intersecting highways from the right, and shall have the right of way over those approaching from the left. Provided, however, that police vehicles, fire departments, vehicles transporting U. S. mail, and ambulances shall have the right of way over other vehicles; and, provided, also, that incorporated cities, having a population of more than 10,000 inhabitants, may designate certain streets or boulevards as preferential traffic streets, and prescribe rules regulating traffic upon, crossing over or turning into such streets or boulevards; and, provided, further, that like specifications regulating traffic may be enforced at points where traffic officers are stationed. No driver of a vehicle shall suddenly stop, slow down or attempt to turn around without signaling his intentions with outstretched arm or otherwise to those following closely in the rear.

In cutting the birthday cake Thomas Turner received the dime, Iola Willner, the thimble and Bernice Willner, the darning needle. Those present were: Mr. and Mrs. Fred Willner, Mr. and Mrs. Thomas Turner, Mr. and Mrs. Herman Lehr and son, Herman; Mr. and Mrs. Arthur Willner, Lon Wilson, Charles and James Foster, Walter McManus, James Hill, Aileen and Thelma Fernandes, Iola Willner.

### Union Baptist Missionary Society Met Wednesday.

The Missionary Society of Union Baptist church met Wednesday afternoon with Mrs. John Sample. Owing to sickness and inclement weather only fourteen members were present. All were in a joyous mood and a most pleasant day was spent. At the noon hour an excellent dinner was served.

Following the dinner the business session was called to order by the president, Mrs. A. A. Curry. It was the meeting for the annual election of officers and the following were chosen:

President—Mrs. A. A. Curry.

Vice President—Mrs. Homer Wood.

Secretary—Mrs. John Sample.

Treasurer Missionary Society—Mrs. A. A. Curry.

Treasurer Aid Society—Mrs. Henry Moseley.

Parliamentary Law—Mrs. Arthur Wood.

Reporter—Mrs. Will Beekman.

The golden jubilee assessment against the society was announced as \$139. Of this sum about \$90 was pledged. The society also voted to the the program endorsed by the State Mission and to unite with the work of the mother's movement.

The next meeting will be held with Mrs. Homer Wood, Wednesday, February 4.

### Literary Aid Societies Meet With Mrs. Petefish.

The Ladies' Aid Societies of the Baptist and M. E. churches of Literary met in joint session at the home of Mrs. Oscar Petefish Wednesday afternoon.

The Baptist Aid Society convened first and after the business meeting held the annual election of officers with the following result:

President—Mrs. Lena Underbrink.

Vice president—Mrs. John Guy.

Secretary—Mrs. John Daniels.

Treasurer—Mrs. Earl Rexroat.

The report of the year's work was read in an interesting report by Mrs. Austin Beavers.

After the adjournment of the Baptist Aid's business meeting,

## How You Can Beat The High Cost Of Footwear

We offer these suggestions, we believe if followed your footwear bill can be reduced 25 per cent.

Take good care of your shoes, use a nourishing oil dressing to prolong the life of the leather.

Buy shoes that will yield the greatest service for the purpose intended.

Do not resort to the so-called style shoes with delicate soles and wooden heels for everyday wear. Confine the use of style shoes for the purpose for which they were intended.

Buy footwear for children of good material and have them fitted long enough so that the child will not outgrow them.

Have every little rip promptly repaired. Soles should be replaced before the shoe is worn through to the welt.

Your cooperation will perpetuate the life of footwear and will help conserve an under production of footwear.

**NEW COURT SYSTEM WILL BE PROPOSED**

Constitutional Convention Will Discuss Various Plans—Court Will Fill Powers For Each County Formed.

One of the interesting proposals to come before the constitutional convention for consideration is that of the consolidation of courts. There is a movement in the state, fostered in the main by attorneys, which if approved will provide for an entirely new system of court machinery. It would mean a court with the powers now vested in probate, county and circuit courts sitting continuously in each county. In fact this court would even do away with the ordinary courts of justice. In some counties it would be necessary to have more than one such court, this of course depending upon the question of population and the amount of business to be transacted.

The arguments in favor of such court machinery are that there would be much greater speed in securing lower court action. Under the present organization of county and circuit courts there is of necessity frequently delays in hearings which result from crowded court calendars. In some of the larger counties it frequently takes a year before court action can be secured on any important matters. Such vexatious delays sometimes result in compromises which are not really based on equity but are the result of the wish of one or both parties to the suit to get an early finding, even if they feel that by delaying for a period of months that a more satisfactory settlement may be secured.

The question of court procedure is one of the most important that the constitutional convention will pass upon. It is entirely possible that the present grand jury system which has been so often attacked, will be done away with. There are many injustices attached to the grand jury system and in addition the plan is expensive. In Montana there is a modified grand jury plan, the provisions of the law being such that under certain special circumstances a grand jury can be impaneled but under ordinary circumstances the action of the state's attorney is sufficient to bring a man charged with wrong doing to trial.

These matters mentioned are only some of the phases of court procedure which the constitutional convention will consider.

**MISSOURI WOMAN SEEKS SON HERE**

Ernest Edmunds Was Attendant at State Hospital—Mother Has Not Heard From Him For Nine Years.

The Journal is in receipt of a letter from Mrs. Martha Edmunds James of Stoutsville, Mo., inquiring as to the whereabouts of her son, Ernest Edmunds, who was employed here at the Jacksonville State Hospital some years ago in the capacity of attendant. The mother states that she last heard from her son about June, 1910, and is anxious to hear from him. Inquiry at the State Hospital discloses that Ernest Edmunds was employed there in 1906 and in 1907. The records at the hospital show, however, that in October, 1907, Edmunds secured a thirty day leave of absence. He left no indication of where he was going and the hospital authorities have not heard from him since granting him his leave, as he never returned to the institution or ever gave any excuse for not returning.

The Journal has communicated with Mrs. James, giving the facts as stated above. Anyone knowing the whereabouts of this man will confer a great favor upon the aged mother if information will be forwarded to her or to the Journal.

**CHURCH OFFICERS ENTERTAIN MEMBERS**

Officials of Northminster Hosts to Congregation at Church Last Night—Program and Refreshments Much Enjoyed.

The officers of the Northminster Presbyterian church entertained the congregation last evening after the regular mid-week prayer meeting had been held. The following program was given:

Piano Solo by Miss Lucille Mendonsa.

Vocal Solo by Hiram Day.

Song by Miss Margaret Baptiste.

Piano Solo by Miss Inez Pires.

Piano Solo by Miss Vivian Vieira.

Piano Solo by Lloyd Bieber.

Song by Russell Oliver.

After the program refreshments were served by the officers and a good time was enjoyed by all.

The committee in charge was: Joshua Vasconcelles, Charles C. Pires and William Sperry.

**WILL BE AT MT. EMORY SUNDAY**

The Gospel meeting planned by the pastor and members of the Mt. Emory Baptist church will begin Wednesday evening of this week, and will continue for fifteen days or more. The Rev. Dr. R. A. Hayden of Austin, Texas, and his wife who is a noted Gospel singer, will arrive Saturday and assist Pastor Crockett thru the meeting.

After strenuous efforts had been put forth the pastor was able to secure the services of this divine and his success can only be credited to his personal standing with the leading ministers of the Baptist connection of America.

Mr. Hayden comes highly recommended. He conducted a meeting last spring for the Olivet Baptist church of Chicago and more than eight hundred souls were brought to Christ in that meeting. It will be understood that the Olivet Baptist church is the largest non-Catholic church in the world, having a membership of more than ten thousand. Mr. Emory will feel herself quite fortunate in securing the services of this divine, and she will be glad to have the entire public to come and enjoy with her the great Gospel feast anticipated.

Mrs. Hayden, the wife of the Dr. will sing Sunday morning. Should you fail to attend the services Sunday morning you will possibly miss hearing this lady who is a noted and sweet Gospel singer, for it is not yet ascertained by the pastor that she will sing thru the meeting.

The other pastors and their congregations are invited. A special invitation is extended to those out of Christ.

A one hour's service will be held every afternoon at 4 o'clock and the evening meetings will begin at 7.30 every evening.

This meeting is for everybody and we hope that everybody who can will accept the invitation. Sunrise prayer meeting Sunday morning and a mass meeting for women only every day at 4 p. m.

**WINCHESTER MAN MEETS WITH PAINFUL ACCIDENT**

Russell Reeder Falls on Cross Cut Saw While at Work Tuesday Afternoon, Cutting Gash Over Knee And Severing Artery—Southwell Funeral Held Tuesday—Other News Notes.

Winchester, January 7.—Russell Reeder met with a painful accident Tuesday afternoon while at work on the farm of Curtis Carey, southeast of town. Mr. Reeder had been helping on a cross cut saw. In some unaccountable manner he slipped and struck his right knee against the blade in such a way as to suffer a painful wound. A small artery was severed by the gash made just above the knee and the injured man lost considerable blood before he received medical aid, altho he was immediately brought in to Winchester and taken to the office of Dr. George Brangle. Several stitches were required to close the wound. Mr. Reeder will be confined to his home here for a number of days on account of the accident.

**Resume Rehearsals.**

The Seniors of the High School have resumed rehearsals for their play "Green Stockings." This drama was to have been given by the students some time ago but was postponed indefinitely on account of the prevalence of mumps here. There are still a number of cases of the disease in Winchester, but it is believed that the worst of the epidemic is over and that it is safe to resume work on the play.

**Southwell Funeral.**

Funeral services for Mrs. Mary Southwell were held at 2:30 o'clock Tuesday afternoon at the Christian church. The large auditorium was well filled with relatives and friends. A quartette composed of Mrs. Gertrude Demereth, Mrs. Ada Lankford, C. W. Smith, and Dr. B. F. Webster sang "Home of the Soul." Miss Ethel McClure acted as accompanist at the organ. The scripture reading was given by Elder J. H. Coates. The obituary and prayer was read by Rev. C. W. Caseley, pastor of the Methodist church. The quartette then sang "Jesus, Savior, Pilot Me." A sermon was then given by Elder Coates. After the closing prayer Mrs. Demereth and Mrs. Lankford sang a duet "The Christian Goodnight." The quartette rendered "Asleep in Jesus," as the remains were carried from the church. The many beautiful flowers were kindly cared for by Misses Dessie, Fairie, and Percis Coultas, and Miss Bunch. The pall bearers were: Charles M. Cooper, Bert Southwell, Frank Vannmeter, Homer Summers, Otis Whowell, Robert Whowell, John Southwell, and Francis Southwell. Interment was made at Winchester cemetery. Among those attending the services from a distance were: Mrs. Harry Sanderson of Berlin, North Dakota, Frank Vannmeter of Canton, Francis Southwell of North Henderson, and Bert and John Southwell of Chicago.

**News Notes.**

Miss Helen Miner has returned to the Illinois Woman's College at Jacksonville after a pleasant vacation spent here with her father and sister.

William Hogan, James Bond, and B. F. Chrisman of the north end of the county left Monday for Hot Springs, Ark., for a stay of six weeks.

Frank Vannmeter of Canton and Francis Southwell of North Henderson returned to their homes Wednesday after attending the funeral of Mrs. Mary Southwell.

Jesse Wills left Tuesday for St. Louis to visit his sister, Mrs. William Taylor, who is a patient at the Liberty Hospital there. After a visit with his sister Mr. Wills will continue on to his home at Yuma, Colo.

Miss Alice Bates arrived yesterday from Milton, Ill., to visit relatives and friends.

Rev. W. B. Morris, wife and daughter Winifred are visitors in St. Louis this week.

Several cars of coal arrived in Winchester Tuesday afternoon. There were quite a number of Winchester residents who were practically out of coal and the arrival of these cars relieved the situation materially.

**Oyster supper at Morton School east of the city, Friday evening, Jan. 9. Also sandwiches and coffee. Everybody welcome. Proceeds for benefit of school. Program. Elizabeth Connolly, teacher.**

**THE CITY BUILDING.**

Yesterday morning a Journal reporter had the pleasure of going all over the city building on North Sandy street. Chief Samuel Hunt showed his department with truly pardonable pride. The sleeping quarters have all been wholly renovated and thoroughly cleaned; sanitary beds and mattresses have been placed there so that now the boys have no "bed-fellows" as has been the case to some extent in years gone by. Each man has a nice place for his clothes and the chief showed the night outfit into which a man jumps from his bed as soon as an alarm is heard and is dressed in an instant with water proof pants and overcoat.

In the basement there is a place where the boys may have some harmless amusements. Pile is maintained in a third engine so that the rating of the department is high.

Needed work in pointing up and repairing has been done and much more could be done with advantage if the city had the money. Some additions to the fire apparatus could be made to increase the efficiency but they will have to be deferred. The city will make just as many needed repairs as finances will admit and endeavor to keep the buildings from deteriorating.

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

## EVEN GAVE DUCK DINNER IF AT BLUFFS SUNDAY

Mrs. Harry Geisendorfer entertained friends at a duck dinner in honor of her birthday, Sunday.

Bluffs, Jan. 7.—Mrs. Harry Geisendorfer entertained the following friends at a duck dinner in honor of her birthday, Sunday: Misses Ruth Ducey, Fern Medaris, Tacey Leeds, of Pittsfield, and Miss Mayme Halpin of Springfield. Mrs. Geisendorfer was a former Pittsfield girl and her friends delighted to have the pleasure of spending the day with her in her new home on this occasion.

Our school opened Monday after a vacation of eight days.

Mrs. John Carnes and daughters, Helen and Mary, have re-

turned from San Francisco, Cal., where they spent the holidays.

William Little, who was stricken with paralysis a few days since is critically ill at the home of his son, Frank Little.

Charles Priest of Jacksonville, who recently purchased the Railroad Inn, is remodeling same, adding two rooms, a public bath and extending the porch. When he has the building in first class shape he will lease or rent it to some one desiring a suitable place for the business.

Omer Doyle, the census taker is kept busy canvassing the town at present.

J. A. Colling and son, J. A. Colling, Jr., have arrived from Chicago for a visit with the former's daughter, Dr. and Mrs. James Lucas.

C. C. Carter of Exeter was a business visitor in town Monday.

Mrs. H. S. Walker, who has been a guest of the Rev. E. J. Rees household for the past week, has returned to her home in Canton.

The Bluffs high school basketball team will play the Barry high school team in Barry Friday night. The boys present a very pleasing appearance in their new navy blue jerseys bearing the letters B. H. S. in snow white.

Miss May Dunham has returned from Maysville where she spent a portion of her vacation.

Mrs. Newton Elliott has returned from Waverly where she spent the holidays.

CHAPIN RESIDENTS  
NOW IN ARKANSAS

Mr. and Mrs. C. E. Drake and Son, enjoying visit in West—J. W. Wallace Residence Threatened by Fire—Other Notes.

Chapin, Jan. 7.—Cards sent by Mr. and Mrs. C. E. Drake and son, Charles Edward, from Little Rock, Ark., tell of their safe arrival and that they were enjoying their visit in the west. They are guests at the home of Mr. Drake's sister, and will also visit Mr. Drake's brother before returning. Their son, John Drake, and wife are caring for their home during their absence.

There was some excitement in the neighborhood northwest of Chapin for a short time Monday. The fine residence of J. W. Wallace burned out. Mrs. Wallace was alone with her infant at the time and was therefore quite alarmed. She called her neighbors by phone and in an hour or two everything was all right with no bad results from the fire.

The fatal auto accident which occurred near Jacksonville to members of the Scott families cast a gloom over the entire community and many friends in Chapin precinct sympathize with them in their misfortune and great sorrow.

Some of the farmers in this vicinity have been disposing of some good horses and mules lately. Among the sales are: Charles Nergah a team of mules; John Drake, team of mules; Frank Callaway, an all purpose horse; George W. Anderson a good farm horse.

Miss Masie Alderson returned to her home after spending the week end with Miss Eva Anderson.

Miss Hazel Christenson of Winchester called on her cousin, Mrs. William Anderson, during the holiday vacation.

Mrs. Lizzie Anderson spent the latter part of the week with her son, Alpha Anderson, and family.

Miss Doris Bishop is visiting with her aunt, Mrs. Alma Dickens, north of Chapin.

J. W. Wallace and family spent Tuesday with George W. Anderson and family.

Henry Robinson of Petersburg spent Saturday night with his brother, S. B. Robinson, and wife.

Miss Esther Bell returned to Bloomington Monday to resume her studies at Wesleyan after a two weeks' vacation with her parents, Rev. and Mrs. J. C. Bell.

The revival series in progress at the M. E. church are growing in interest, under the leadership of the pastor, Rev. J. C. Bell, who preaches genuine Gospel sermons.

Prof. C. Edward Faust of Chicago, who directs the singing is doing splendid work. He is ably assisted by our home orchestra which deserves much credit and praise.

Mrs. C. F. Strang, Mrs. Mary Wright, Mrs. J. H. Spencer and son, Clarence, were guests Sunday of Mrs. J. C. Andras and family of Manchester.

Mr. and Mrs. William Mortimer and daughter, Miss Eva, and son, Earl, of near Woodson spent Sunday with Mr. and Mrs. C. J. Wright.

Miss Hazel Hayes of Greasy neighborhood is spending this week with her brother, Albert Hayes, and family.

Mrs. J. L. Solomon and son, Keldon, have been quite sick the past week.

The Royal Neighbors held their installation Friday evening, and installed the following officers for the following year:

Mrs. Jessie Hayes—Oraele.

"FIDDLE-FIT"

Keep Liver and Bowels  
Clean and Active  
with "Cascarets"

Sick headache, dizziness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. The work while you sleep.—Adv.

BEDFAST EVERY  
WINTER; STOMACH  
TROUBLE GONE

Mrs. Mershon Found Speedy  
Relief After 18 Years'  
Suffering.

"I had suffered from stomach trouble for 18 years, and had spent hundreds of dollars doctoring. Every winter I was bedfast most of the time. I had tried every medicine I could find, but nothing helped. I had taken six bottles, my stomach trouble disappeared and I have had no return of it since. This is the first winter in 18 years that I have not been bedfast. I also give Milk Emulsion to the children for cough with splendid results."—Mrs. W. G. Mershon, Brazil, Ind.

Thousands of people who have suffered for years from stomach and bowel troubles, as Mrs. Mershon did have found the same wonderful relief and lasting benefit from Milk Emulsion.

Milk Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk Emulsion is strong; recommended to those whose sickness has weakened, and is a powerful aid in restoring and repairing the effect of wasting diseases. Chronic stomach trouble and constipation are promptly relieved in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case you are urged to try Milk Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, the balance will be refunded.

60c. per bottle. PLANCHE J. JONES Emulsion Co., Vaught, Orney.

## S. S. HEADS TO MEET

The Sunday School superintendents of the county have been asked to meet in the First Baptist church at noon Friday for lunch and discussion of plans for the year's work. The state convention is to meet here and preparation for it will require a great deal of work and to that end steps are being taken to get ready for it.

### Inside Facts

It's what's inside your battery that makes it live long or wear out quickly.

Inferior insulation wears out before the plates do, and re-insulation is necessary.

Threaded Rubber Insulation eliminates the need of re-insulation, makes a battery last much longer under equal conditions, and reduces the liability to any other kind of repairs.

It's the one biggest battery improvement in ten years—demonstrated now by four years of use.

You can't afford not to know about it, for some day you'll need a new battery.

Call and let us tell you all about it.

ately. Both are members of old White Hall families. Mrs. Besten is a daughter of William Teter, and she has been here with her sister, Mrs. Albert B. Smith, and her brother, W. H. Teter, a great deal of the time since the death of her husband at Moberly, Mo., where she has resided for a number of years. Last summer Mr. Brooks was back on a visit, and their meeting renewed friendships of childhood. Mr. Brooks is postmaster at Arlington. The board of directors of the public library called a meeting for Monday afternoon to consider plans for new library quarters, but for want of a quorum no business could be transacted. The matter was put on a basis for action, however, and plans are being considered by each individual director. The question for decision is whether to provide quarters in a separate building or join in plans for the proposed community building on Whiteside Park that now contemplate a public rest room and an American Legion memorial hall and museum.

Floyd R. Trumms advises that he is in Chicago for a few days, and that he will be in White Hall on his return to Oklahoma City in a few days to visit his parents, Mr. and Mrs. J. W. Trumms.

W. A. Lewis was down from Roodhouse Monday evening. He is a member of the C. & A. train dispatching force at that terminal, but is now off duty pending an investigation as to an improper handling of train orders.

Schools resumed operations Monday with about a normal enrollment for the first time in many weeks, having encountered the smallpox tieup, the coal strike and then the holiday vacation. All these obstacles have now been overcome, and the schools are again down to real business.

Looks Like Roosevelt.

Frank Bridgewater, farmer, banker, real estate operator and politician, is attracting more and more attention because of his striking resemblance to the late Theodore Roosevelt. This has not been so noticeable here at home until recently he began the use of eyeglasses for all purposes, and he explains that he avoids using the "four eyes" as much as possible because of the attention it attracts. While down in Missouri a couple of years ago a fellow slapped him on the shoulder as he alighted from a train and told him the story of his experiences with the Rough Riders down in Cuba. The fellow

had went through all the honors, possible in honor of the coming of his old friend Teddy when Bridgewater explained matters. Mr. Bridgewater does not gain this distinction by "the skin of his teeth" either, for that is the only thing lacking in his complete resemblance to Teddy. He has the stride and the sturdiness and is a man of quick judgment and a most pleasant and liberal temperament. Also Mr. Bridgewater is a believer in large families; he has eight children.

The Odd Fellows held an installation of officers in connection with an oyster feast Monday night, and it was decided to make it a regular annual event. There was a big attendance. The officers are as follows: Noble grand, H. E. Rogers; vice grand, L. L. Dickson; secretary, J. D. Rowe; treasurer, H. L. Dugger; trustees, W. A. Wigginton, F. R. Stubblefield, C. A. Evans, George Halbert, A. B. Rogers.

The H. P. Ralston farm of sixty acres, located five miles east of White Hall, was sold this week to Walter Jones, of Carrollton, at \$125.00 per acre. The land is rather thin, it being located adjacent to the clay fields, and the price is a very good one. Mr. Jones expects to do general farming on it. Mr. Ralston has purchased the Henry Denham dwelling on Bates avenue, and will occupy it as soon as Mr. Denham can get another location.

Rev. L. C. Bauer has returned from an evangelistic tour of several states.

**Telegraphers Want Accounting.** The telegraphers along the C. & A. have started a house-cleaning within their own organization. Petitions are being circulated protesting against an increase in the annual dues of the Order of Railroad Telegraphers, which have been advanced to members on the C. & A. without warrant or authority. The petition also demands an accounting. The C. & A. telegraphers have become very much dissatisfied with the way their union officers are handling affairs without any reference to the membership. The protest is directed to E. E. Gentz, chairman, Braidwood, and Thos. Riley, secretary, Atlanta.

Mrs. John Strang is entertaining two lady friends from Beardstown, Mrs. E. F. Bowman and Miss Hart Bowman.

At a meeting of the executive committee in St. Louis Saturday, the route of the Mississippi Valley Highway was changed from Greenfield and Medora to the shorter and more populous line through Carrollton and Jerseyville. The new route follows the course of the proposed new state road through this section, and the influence of the Mississippi Valley organization is being brought to bear in getting work started on the road through this territory at as early a date as possible, but it will probably be another year before this is realized through Scott, Greene and Jersey counties.

### WILL MAKE VISIT IN CALIFORNIA

Mr. and Mrs. Henry Richardson Will Go to Golden Gate State to Visit—Other Items of Interest from Lynville and Vicinity.

Lynville, Jan. 6.—Rev. L. R. Cronkrite went to Jacksonville Thursday to preach the funeral service of Mr. S. P. Chesney, who passed away Tuesday, Dec. 30, at Passavant hospital.

Mrs. Charles German has been on the sick list for the past few days, but some better at this writing.

Mr. and Mrs. H. H. Richardson spent Thursday evening with Mr. and Mrs. George Fligg and family. Mr. and Mrs. Richardson expect to leave soon for California, where they will spend some months.

The many friends of Mrs. Roy McKinney, will be glad to know she is improving, after several days' illness.

Mr. John Gordon is visiting his brother, J. B. Gordon, and family.

Mrs. Dr. Crum of Waverly spent Saturday night at the home of C. H. Gibbs and family.

Mrs. Virginia Kitchen of Winchester is visiting at the home of Mr. and Mrs. Lee Crouse. Mrs. Kitchen came to be present at the dedicatory services at the Christian church last Sunday morning.

Lorenzo Shirliff and George Fligg were Jacksonville visitors Monday afternoon.

Miss Rachel Hunley is on the sick list, but some better at this writing.

Rev. Joseph Camp, former pastor of the Christian church at Lynville, and now of Eureka, called on Mr. and Mrs. George Fligg Sunday evening.

The marriage of Simon Blackburn and Miss Bessie Watts of Jacksonville, occurred Saturday evening at 7 o'clock at the home of Mr. and Mrs. W. H. Coultas. Rev. L. R. Cronkrite, performed the ceremony.

The ceremony was witnessed by relatives of the bride and groom. After the ceremony a wedding supper was served. The bride is the only daughter of Mr. and Mrs. Watts of Jacksonville, and has often visited in our village. Mrs. Blackburn has a wide circle of friends, and owing to the serious illness of her mother, the wedding was a very quiet one. The groom is the son of Mr. and Mrs. George Blackburn. Mr. and Mrs. Blackburn expect to make their home in Jacksonville, and the best wishes of their friends go with them to their home.

**Box supper will be given in the basement of Alexander M. E. church, Thursday evening, January 8th; also oyster supper and entertainment, for benefit of Sunday school.**

### From County Agent's Office

Feeding the Dairy Cow—If you want to see dairy cows fed in a way that is both scientific and practical, come to A. L. French's farm, north east of Chapin, at 10 o'clock, Tuesday morning or E. E. McPhail's farm, north of Jacksonville, at 2 o'clock, Tuesday afternoon. You will see E. M. Clarke, of the College of Agriculture, balance the ration, estimate the amount of silage and other roughage without actually weighing it and also measure the grain mixture in accordance with the milk production of the animal. In making up a ration for dairy cows, one should keep in mind the following 5 requirements of a good ration:

1. The ration should be reasonably well balanced.
2. The ration should be palatable.
3. The ration should have a good physical effect on the cattle.
4. The ration should have the correct amount of bulk.
5. The cost of the ration should be considered.

Some Common Feeding Terms Defined—

1. Carbohydrates—are that class of compounds which are formed of carbon and the elements of hydrogen and oxygen in the proportion existing in water. Two of the more common forms of carbohydrates are sugar and starch; and they are used in the animal body for the production of heat, energy, and fat.

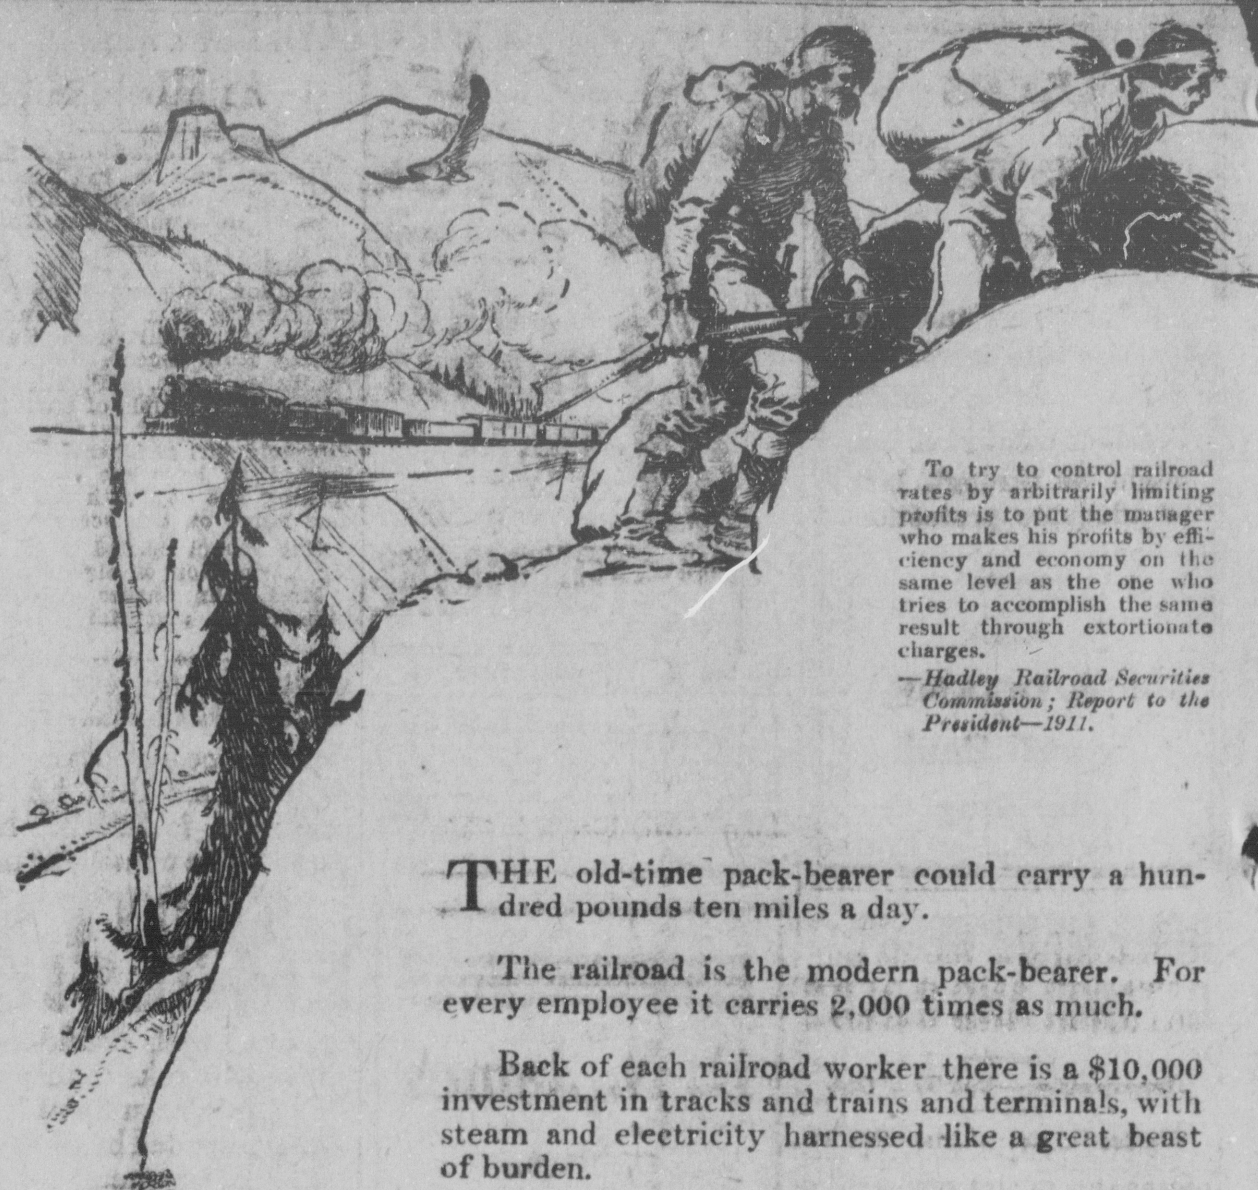

2. Fats—are a class of compounds which also contain the same elements as the carbohydrates; but in different proportions. They serve the same purpose in the animal body as the carbohydrates; namely, heat, energy and fat. However, one pound of fat is worth two and one-fourth times as much as one pound of carbohydrates in the nutrition of the animal body.

3. Proteins—are a class of compounds that contain the same elements as the carbohydrates and fats; but in addition they contain nitrogen. This class of compounds is used in the animal body for the construction of the muscle, hide, glandular tissue and the casein, or white part, of milk. It is the protein of a feed that produces growth in the animal and without it growth would be impossible. When we speak of a feed being "rich" we mean it contains a large amount of protein. Feeds rich in protein are usually higher in price than those rich in carbohydrates. This is especially the case in the corn belt.

4. A Balanced Ration—is one which contains the proper amount of protein, carbohydrates, and fats, to best meet the requirements of the animal under consideration.

5. Nutritive Ratio—is the proportion of digestible protein to the digestible carbohydrates and fats, with the protein content expressed by the figure 1.

To try to control railroad rates by arbitrarily limiting profits is to put the manager who makes his profits by efficiency and economy on the same level as the one who tries to accomplish the same result through extortionate charges.

—Hadley Railroad Securities Commission; Report to the President—1911.

**THE** old-time pack-bearer could carry a hundred pounds ten miles a day.

The railroad is the modern pack-bearer. For every employee it carries 2,000 times as much.

Back of each railroad worker there is a \$10,000 investment in tracks and trains and terminals, with steam and electricity harnessed like a great beast of burden.

Without this mighty transportation machine the railroad worker could do no more than the old-time packer. But with it he is enabled to earn the highest railroad wages paid in the world, while the country gains the lowest-cost transportation in the world.

The modern railroad does as much work for half a cent as the pack-bearer could do for a full day's pay.

The investment of capital in transportation and other industries increases production, spreads prosperity and advances civilization.

To enlarge our railroads so that they may keep pace with the Nation's increasing production, to improve them so that freight may be hauled with less and less human effort—a constant stream of new capital needs to be attracted.

Under wise public regulation the growth of railroads will be stimulated, the country will be adequately and economically served, labor will receive its full share of the fruits of good management, and investors will be fairly rewarded.

## Best Treatment for Catarrh S. S. S. Removes the Cause

### Purifying the Blood

Once you get your blood free from impurities—cleansed of the catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils, and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with catarrh—it is not necessary. The remedy S. S. S., discovered over fifty years ago, tested, true and tried, is obtain-

able at any drug store. It has proven its value in thousands of cases. It will do so in your case. Get S. S. S. at once and begin treatment. If yours is a long standing case, be sure to write for free expert medical advice. We will tell you how this purely vegetable blood tonic cleanses the impurities from the blood by literally washing it clean. We will prove to you that thousands of sufferers from catarrh, after consistent treatment with S. S. S., have been freed from the trouble and all its disagreeable features and restored to perfect health and vigor. Address: Medical Director, 439 Swift Laboratory, Atlanta, Ga. Don't delay the treatment.
